

This index lists the main therapeutic area covered; some of the companies whose programs are covered; and the Company Spotlight feature. Many other subtopics, analyses, and events are reviewed in each issue.

2015

NeuroPerspective will be consolidated into bimonthly scheduling in 2015. The number of therapeutic areas to be covered will be unchanged; 9-10. Interim news and developments will be covered via supplemental releases.

Therapeutic areas to be reviewed in 2015 include:

Schizophrenia, Autism, Spinal Cord Injury, TBI, Alzheimer's, ALS, Neuropathic Pain (and two-three yet to be determined)
